

WASHING

CAGE & RACK WASHERS

ATLANTIS
EASY

ATLANTIS
EVO

ATLANTIS
EVO XL

ATLANTIS
THE NEW BENCHMARK FOR
OPERATIONAL EFFICIENCY
AND FLEXIBILITY

AVAILABLE UNDER THREE
DIFFERENT CONFIGURATIONS:
EASY, EVO AND EVO XL
DEPENDING UPON CHAMBER SIZE,
REQUESTED APPLICATIONS
AND OPTIONS SELECTION.

ATLANTIS

Greater efficiency

Compared to our previous generation washers, Atlantis offers:

- 10% increased loading capacity (up to 130 mice cages/cycle)
- 50% increased total water impact force (pressure and water flow at nozzle level) for effective cleaning
- 10% to 20% less footprint required, including technical space

Greater flexibility and modularity

- The modular design typical of our Lean Manufacturing makes Atlantis suitable for future functionality upgrades (e.g. hydrogen peroxide decontamination capabilities)
- Building friendly design with unique features to simplify infrastructural requirements
- In-line self-cleaning filters to get rid of historical high maintenance static chamber floor screens
- Double emergency bars with self-releasing doors: safety is not an option!

Greater performance and sustainability

- Less utility requirements: only cold water supply in steam heated units
- About 50l (13gal) of water consumption per a microbiologically-validated cycle with only 100ml (3,4oz) of detergent usage
- Fully certified and compliant with the latest guidelines (AK KAB and AAALAC requirements)

Tool-free
self-cleaning filter
to get rid of old-style
high maintenance
static chamber
floor screens!

ATLANTIS EASY

- Less than 10 minutes standard microbiologically validated washing cycle; up to 600 mice cages/hour
- Wide coverage oscillating arms technology featuring washing and rinsing complete separate circuits
- Atlantis EASY can be installed and operated between solid walls with complete frontal access for maintenance and service
- H₂O₂ decontamination with external generator, AWS flushing and steam thermal disinfection available as options in day 1 or for future upgrades
- Quick lock kit for bottle washing capabilities
